Dear Mark,

I want you to know I very much appreciate your concern, as well as your offer concerning the 3<sup>rd</sup> floor. For many reasons, I cannot take you up on that offer.

The main thing I need right now is financial assistance with these medical bills. The rest I can deal with, especially now that I am working (finally).

Any help would be greatly appreciated as these medical are bills are overwhelming and I already have a lot of debts from the time not working.

Again, Thank you for your concern.

I hope you're ok.
